Lively, a popular speaker on time management and overcoming procrastination, covers the pros (yes, there are some!) and the cons of procrastination, then shows how to handle the situations that relate to it -- including those over which we have little or no control. With specific tips on pushing through "The Risk Zone" (the point at which the individual is ready to take on new risks) and taking action, this is a book no procrastinator will put off buying and reading ... even for a minute.
