Have you ever been embarrassed by not knowing quite the right way to make toasts? Have you declined the opportunity to give a toast at a special occasion because you weren't sure what to say? Lets face it-those who know how to make great toasts stand a better chance of moving farther ahead in life. The good news is that it is never too late to attain this very necessary skill-regardless of your age, occupation or position in life. Even if youve been out of school for years you too can easily learn how to make great toasts in order to reach your goals. Without the right tools and information, it could take you years and cost you a small fortune to discover the secrets of making toasts; however. Instead of spending a fortune on so-called experts or knocking yourself out with the old trial and error method, there is an easier way to achieve your goals. Now theres good news I wont deny that there are a ton of books out there on the elements of making toasts. Unfortunately the problem with most books on the subject is that they are either filled with plenty of promises and no solid techniques and strategies to back up those promises or they contain only one or two pieces of useful information and not a comprehensive look at everything you need to know to succeed. Introducing ... Toaster's Handbook! Toaster's Handbook breaks the mold of all the other books you have heard and read about. It presents solid, proven steps to help you learn how use the English language correctly to your best advantage. All the fundamentals are there: * The Importance of a Sense of Humor * Jokes * Timing * Puns * Sample Toasts
