Affiliate PageMaker (V:1) Creating Search Engine Friendly Affiliate Pages A breakthrough In Affiliate Marketing and Promotion! Affiliate PageMaker will prevent hijack and bypass attempts to protect your commissions. Hey Ali, Many Affiliate Gurus have already provided similar tools to prevent it ??? I know that many tools are available to encrypt affiliate links and prevent hijacking. But most of them have Serious Defects !! They DONT generate Valid HTML. (my explanation follows) They are NOT search engine friendly. Most of them use JavaScript redirection techniques which are NOT supported by Search Engines Robots. Some of them even use REFRESH tags which are also NOT favorable to Search Engine Spiders. You have to enter title, keywords, description etc. manually. They CANNOT hide Link URLs from the Status Bar when the mouse pointer is brought over a Link. NONE of them make separate pages for each Targeted Keyword. NONE of them apply various search engine optimization techniques like - - - Two-in-One package to protect and promote any affiliate program.
