Easily Create Little Boxes of information i.e. help, hints, tips, tricks, FAQ and lot more.. So Your Site Visitors Can Easily Understand Your Site Features, And Navigate Without Any Problems. Ever wanted to have those little boxes of hints or information that appear when you point the mouse at areas on some sites but find it to complicated or tedious, or just dont know how to do it?. Well now you can have as many as you want with this gem of a script. Just follow the instructions and you will have boxes galore! Easily have the css file created for you, just select the colours of each segment of the box from the simple colour pallete and the css is done. Then continue on to enter the text you want to appear in the box and the html code is generated for you Then all you have to do is copy and paste the code into your website where you want the box to appear. Simple!
