

# No More Grey Screen - Script

[DOWNLOAD HERE](#)

No More Grey Screens is an easy PHP solution that allows you to replace the grey windows displayed when a user tries to access a password protected area! The script is super easy to be used in situations where the authentication is controlled by .htaccess (Apache authorization) You can use the solution even with folders that are password protected by cPanel, or any other scripts like \* JVManager(r), \* DELAVO(r), \* Instant Membership Site Creator, \* and in general with any situation where Apache authorization is being used. All you have to do is to upload some files, rename .htaccess to .htaccess\_old, run the script, and that's it! That's it! Why do you NEED it? Mainly for 2 reasons: \* Your members will be able to access your members area easier. \* But most importantly: Without the No More Grey Screens script you're LOSING money... Why? Because you cannot monetize the login page of your members area. Think about it... That login page is one of the most visited pages on your server. Without the No More Grey Screens your members just use their codes and login. With the No More Grey Screens your members can also: \* Read any news you may include on that page. \* Click on any banner you may include on that page. \* Buy any other product you offer to your members! Stop Losing Money! Get the No More Grey Screens solution today! No More Grey Screens! Requirements \* PHP running on your server \* Zend Optimizer 2006022801 or higher If you are not sure about the requirements check it with your hosting account. FAQs Q. Who created that script? A. John Delavera is the creator of the script. Q. What are the rights I get for this script? A. You get personal rights only. Q. Can I use the script on multiple servers? A. Yes you can install the script inside any protected area you want. Q. Do I have to change the index page inside the protected area? A. No. You just have to upload some files inside the protected area. Q. Can I integrate it with my layout? A. Yes you can include any HTML code you want inside the login page. Q. Should the codes of my existing users be deleted? A. Of course not. Nothing is deleted. Q. Do my customers have to change their login? A. No. Your customers will just see the login form instead of the grey screen. They will continue to use their codes and insert them to the login form instead of inserting them to the grey window. Q. Can I remove the link displayed to the form? A. No you cannot, but you can replace it with your own link. Read below. Q. How can I customize the text and the link

displayed in the login form? A. You can include your own text and link for an one time fee. Check the options below.
