How To Start Making Money With Site Flipping... Ready to make some money? Good. Your time is precious so I won't bore you with filler. There are thirteen pretty simple stages to this process and that's all I'm going to talk about from now on. So let's get right into it. Here is what you need to do: Step 1: Pick a Super Popular Niche For beginners who don't know, a niche is a group of people online with a common interest or need e.g. the looking for fishing tips niche (the fishing niche) or the need help with acne niche (the acne niche). At least that's the way I'll be using this term in this book. Now remember my instructions. Don't just pick a popular niche. I want you to pick a SUPER popular niche. I want you to pick a niche that people on Google are searching for at LEAST 1 million times per month.
