Article Ideas Software. Dramatically Cut Down on Your Article Research Time by HALF! This tool will automate your entire article research process, from start to finish! If you feel you are spending way too much time on article research, you NEED this software! This tool not only visits the first top 100 Google results for you, it Rows not waste your time with pieces of text with strictly commercial intent. It gives you information, the meat. You just read that and write your article in your own words! This tool is 100 FREE! Can you imagine what life would be like without this cool software? You have to waste countless hours gathering research materials for your article, the old-fashioned way: Step 1: Type in the phrase to Google. Visit each result. Find useful pieces of text and copy them to Notepad. Step 2: When the Notepad gets full, step back, read the notes and ideas for an introduction and every other part of the article! Don't make your life any more difficult than it already is! Download this FREE software today and cut down on your article research time by HALF!
