[DOWNLOAD HERE](#)

This is a factory service manual that covers the 2001, 2002 & 2003 Mazda Protege. It also contains the Parts Catalogs! It is the same type of manual used by mechanics and dealerships to service, diagnose, and repair your vehicle. Download the complete manual to your computer, print what you need (anytime you need it), and throw the printout(s) away when they have been thoroughly destroyed. You can always go back and print what you want anytime you would like. This repair manual can save you money on maintenance and repair. Step-by-step procedures and detailed illustrations guide you through almost any task you would ever need to perform on your vehicle. Why spend \$70+ per hour labor at your local dealer when you can do it yourself, most maintenance is easier than you think. If you save just 20 minutes of labor from your local dealer you have paid for the manual. Once you have downloaded your manual you may back it up to a CD/DVD or any other method you would like. You cannot back up many of my competitors manuals; you run the risk of losing the data and having to re-buy the manual.
