Network Marketing Survival How to Survive in the Network Marketing Jungle Choosing the Right Company & Always Making Profit From Them All! My intentions of writing this book is to help and provide people generic information that would apply to any company regardless on their marketing/compensation plan, product, team, country or even offline or online! It is indeed a shocking truth to find out that over 95 of network marketers or home based business owners are operating their business at a LOSS! How scary if you are reading this for the first time. Well thankfully if we all worshiped statistics fanatically, most people today will be afraid to drive cars or even go to school (e.g. the percentage of road accidents and how many students in a class make it in getting distinctions) We all want to be smart people and rather be in the top 5 being the ones making the money now, dont we? Of course we do. It is sad that countless of poor victims join the industry, uninformed, and when they run into problems, they usually put the blame on the company, the team or even the industry itself! That is why we hope to avoid such unfortunate circumstances. Even if you have been involved, this information is invaluable because it might teach you things you have missed out or information to help your downline. TABLE OF CONTENTS: The Shocking Truth!
