Internet dating is no longer the taboo it once was. In fact, people get married every day that met first in cyberspace! Your Personal Guide to Online Dating will walk you through each step of the online dating process! We've covered profiles, photos, and have included a plethora of tips for communicating with someone you're interested in dating! Online dating might seem scary to someone who doesn't spend a lot of time online, but using online dating is a great way to meet new people. You can browse through online profiles to find others who share your interests and background, religious beliefs, or other things that are important to you. Online dating is a wonderful way to meet new people who live in the same state, city, or town as you if you want a relationship with someone that is local or you can branch out and look around the world for that perfect partner. To be successful with online dating, it helps to know a little bit about how the overall process works. In addition, there are a lot more online dating sites today than there used to be. How do you choose the right one? What should you include in your profile? Can you really trust someone you meet online? We've answered these questions and more in Your Personal Guide to Online Dating. Read on... You'll learn how to protect your personal information online. Just because you're putting yourself "out there" doesn't mean your personal information needs to be. (page 22) Every dating situation, online or offline, has Red Flags that you should pay attention to. Here are a few to watch for when dating online. (page 29) What if something just doesn't feel quite right? How to know if your online date is hiding something. (page 33) No matter how well you "click," don't take unnecessary chances! Follow these 9 tips for staying safe when meeting for the first time. (page 38) You do need to take some precautions and be careful when you meet people that you have met through an online dating site but that is true for anyone that you are dating, regardless of how you met them. Before you meet someone in person that you've met online, however, there's a lot to be done! You'll need to create a winning online profile and upload pictures of yourself. And that's just the beginning! Soon you'll be browsing the profiles of other people who are looking for partners online. Do you have a clear picture of the kind of partner you're looking for? Although online dating is a fun and exciting process, there's a lot of decisions you'll need to make along the way. Don't muddle through this process wondering what comes next! This step

by step guide will give you the edge you need to be successful and find the partner you've been looking for without having to kiss a lot of frogs first!
