How to Efficiently Decode Peoples Inner Feelings and Emotions Through Their Body Movements, and How You Can Use This Knowledge to Succeed in Your Career, Relationships, and Personal Life! What I am about to tell you might shock you. Many people think that the most popular way of communicating with other people is through the mouth. But what they didnt know is that actual verbal communication accounts to only around 10 percent (or even less) of the overall means to convey a message. Moreover, you can never determine the truthfulness or sincerity of people by what they say alone. In fact, words transmitted verbally oftentimes do not reflect what people really think or feel. The only way you can determine their true inner feelings and thoughts is by reading their body language. Dear friend, Have you ever wondered what it would be like if you can see through the emotions of other people? Lets say you asked a person if he can do an important task. He says ok. But deep inside, you are questioning yourself, Is he really willing to do this job? or Does he have the confidence to finish this assignment? You cant question him directly because that would be like belittling him. And even if you ask him those questions, his replies will not be indicative of what he really feels or thinks. The ultimate solution? Read his body movements and gestures. The Body Never Lies! Through body language, you will be able to decode hidden emotions. You may even decipher if a person is telling the truth or not. Moreover, you can apply body language techniques to convey your intentions to other people.
