Dear Friend, If youre anything like me, youve probably created a brand new website, Submitted it to a few search engines and hoped that people would mysteriously show up at your site and buy whatever it is you were selling. After a couple of weeks go by and only a few stray people show up at your website, you decide to try and optimize your website around your main keyword in hopes that you just might rank well in 1 of the millions of search engines. Another couple of weeks go by and still no luck. At this point you probably give up and decide to either build another website around a different target market or just lose all hope and quit. Well, news flash, as youve probably figured out by now, this is not the way to go about doing things. If you can get SIMPLE STRATEGIES to rank your website, will you be interested? Let me introduce...
