Yes, You Can Unleash The "Success Mindset" And Create The Life You Have Always Dreamed Of Having, No Matter What It Is, NOW! From: RE: Realizing Your Dreams Date: Today is Sunday, January 20. When did you begin to choose the life you are leading now? When did you decide on the job you have, and against the job you want? When did you decide that the money you make now is all you can make? Did you decide? Change Your Mind, Change Your Life! is a book about your future and the decisions you are making today, which will create that future. Determination and belief are the starting points for success. They open you to new opportunities to do and be anything you desire, and you only need a subconscious thought to plant the seed. How do we do this?" This book is based on real answers to that question. Change Your Mind, Change Your Life! will walk you through the steps to real answers and teach you to start asking the right questions. By learning how the mind works, we understand how to break the cycles that keep us on the outside looking in, instead of where we truly wish to be. The understanding found in this book will open your mind and your eyes to a world which has always been there; you just didn't know the questions to expose it to you. How often have we found ourselves looking across the road to discover something lacking in our own lives? By Changing our Minds we remove the lack in our own lives. We remove the unnamed need that eats away at our day to day lives. By Changing our Minds we walk away from a life that is constantly needing repairs and begin a life that rewrites our reality. Whether we know it or not, our energies are focused and those energies are working in our lives, for better or worse. Like electricity, our own energies do not decide they will work in one area, and not another. Electricity doesn't stop working because the toaster is bad or the stereo is on a negative channel. Electricity flows through the circuit until it is complete. Our energies act in exactly the same way. Change Your Mind, Change Your Life! expands this simple life truth, and shows you how to change your circuit path so the things you want in your life receive the energy, rather than sending it to the things that are strapping you down. Read Change Your Mind, Change Your Life! today, and start putting focus and energy into your own success. To your success, \$ Your Price Here! Change Your Mind, Change Your Life!
