Stealing Visitors From YouTube Made Easy If you want a simple step-by-step formula for creating genuine, easy success with your videos then please stick around. Heres the kicker...the missing piece of the puzzle. Your videos can be hugely successful - and highly profitable - even if they dont get many views. You dont need a huge audience. The simple truth is...all you need to do is turn viewers into do-ers. Make them follow your commands. Whats better? A video that a million people see and ignore. Or a video that gets a tiny audience of one thousand, yet sends 700 of them running to your website? Exactly. And what if you could crank out powerfully effective videos in a few minutes, just by following a simple formula? How many would you make? Sounds good, doesnt it? And thats the point...it should be easy and predictable. Rinse and repeatable... Just add these 7 key ingredients to your next video, and I guarantee your visitors will be ditching YouTube and flying straight to your website faster than a nun on a skateboard! Here what youll discover: How To Correctly Craft Your Title: It stands to reason...You wont get any visitors if nobody watches your video. Copy the psychological strings I pull to suck people in...fast. Dont Fight _____, How To Use It Your Advantage: One of the simplest, yet brutally effective ways to increase your conversions is to make your visitors _____! A Criminally Under-Used, Yet Strikingly Powerful Technique: Force viewers to your website...easily...by stealing this method, dating back to the silent picture era. 3 Reasons Why Watermarking Your Videos Isnt As Effective As You Might Think, And What You Can Do About It: Willie Crawford called this Brilliant when he saw it... Using _____ Gets Eyeballs. Lots Of Them: Apart from a slideshow of semi-naked Swedish models, this is just about the quickest way to get people talking about your videos! Why You Should _____ The _____ From More Popular Videos: This is a no-brainer. Dont even think about uploading a video until you do this. I Even Talk About Some White & Grey-Hat Ways To Improve Your Traffic: Do they pass the test? If just ONE of the methods I show you brings you ONE extra paying customer, youll already be in profit from this fully guaranteed system.
