simple look at the numbers explains why it is so important It takes 50 customers buying a \$20 ebook to earn \$1,000. It takes only 1 customer buying a \$1,000 coaching program. You can make a lot more money with a lot less effort by simply offering something with a greater price tag in this case, your own coaching program. It just takes fewer transactions to reach a significant profit level. And, when you factor in the fact that many customers WANT to spend more money for something limited in nature, for something that provides a level of access, it became paramount that you offer it. Years ago I heard a speaker (sorry, cant remember who it was) talk about high-dollar coffee grinders sold at Starbucks. His point was clear: while not everyone buys the grinders, when one is sold it significantly increases profit. You gotta sell a lot of cappuccinos and lattes to equal the same profit from a grinder. It was at that moment that I started working on (and eventually launched) my own Six-Figure Formula coaching program. I still offer it about 3-4 times per year and it brings in close to \$100,000 just by itself. I tell you all that not because you're interested in me and what I've done, but because you're interested in you and what you can do. Quite simply: If you're willing to invest just ten dollars, I'll explain some things that I've done - which you can do - to launch a successful coaching program. I've put together a short, 13-page report entitled "3 Ways To Start Your Own Highly Profitable Coaching Program". When you grab your copy below here are a few things you'll learn in this quick read... 3 different ways to start your own coaching program - including one method that you can get started using TODAY with nothing more than a salesletter in place. The "ultimate coaching model" that you'll probably think "it can't be that easy, no one will pay for that" at first glance ... until you see how 50 students pay me \$197 per month! Why coaching isn't simply "trading your time for money" - in fact, as I disclose in this report, many pay for coaching and rarely even interact with their coach. A super easy way to use "other people's content" for YOUR coaching program ... I actually learned this amazing technique when someone used MY content for THEIR coaching program! (Completely "legit", I might add.) My sneaky method of launching a coaching program EARLY so you can get paid much quicker than ever before ... in fact, I'll give you TWO ways to take this shortcut! A big, big mistake that most people offering coaching programs make (especially those

launching their FIRST program ... although I have seen "pros" do this too!) and how you can avoid it with one little "change". A 5-step, process for becoming a C.O.A.C.H. in your own high-ticket coaching program ... includes a simple "overview" blueprint for establishing your program. Your #1 best option for "running" your coaching program ... this "blows away" what most people are using with their coaching and will simplify (and greatly improve!) the ease and success in which you conduct your interaction with clients.
