Want to make some cash within 30 days? How Would You Like To Be Able To Attend A Virtual Live Seminar From The Comfort Of Your Own Home And Learn Our 30 Day Formula Money Making Secrets? Lets get straight to the point. Live seminars are expensive. They cost anywhere from \$500 to \$10,000 to attend, plus airfare and hotel and food costs. However, they are probably the best place to: * Recruit JV partners to help promote your products. * Learn new strategies to move your business forward. * Find out what is new, what works, and what doesnt. * Get your name out there and really start making some money. This is why we put together the 30 Day Formula Virtual Seminar Series. You see... Once upon a time we released the 30 Day Formula... The 30 Day Formula taught beginners like yourself how to make money within just 30 days using only a squeeze page and an auto-responder. It was a huge success as hundreds of people just like you learned our quick-to-cash money making secrets. This year we wanted to take it a step further, while still keeping the powerful simplicity of the 30 Day Formula Version 1.0. That is when we decided to go out and find some of the best marketers and speakers in the Internet Marketing industry to teach you how they make money in a pinch. In fact, each speaker will talk about their own unique ways of driving traffic and making money using squeeze pages, giving you several angles at which to start your business. Lets take a look at our line-up so far (more speakers may be added as we move through the seminar): Tellman Knudson The Man Who Started It All... Tellman Knudson was the one who taught Matthew Glanfield most of what he knows about squeeze pages, so we thought it only appropriate that he be brought on board. Tellman will be spilling his guts on how he has made millions of dollars through list building. He will be covering: * How to get a ton of traffic to your website. * How to use squeeze pages to their fullest extent (we learned squeeze pages from this guy). * How to pull profits from the list that you build. * And more... Our eBay Man... Did you know that in 2006 over 170 billion dollars of transactions were done on the Internet? Did you know that almost 30 percent of those transactions were on eBay alone? When somebody searches eBay for something they have their credit card in hand, and Jim is going to show you how this one simple website that gets more daily searches than Google can build your list full of buyers faster than you could ever imagine. Top Secret Topics... We dont want to

reveal what Harris is talking about quite yet, but lets just say it will help you to get even more traffic to your website. Thats all well say for now... The Affiliate Marketing Teacher Himself... Bob the Teacher Jenkins will be teaching us all about how to pull more profits from affiliate marketing (i.e. making money with other peoples products). Bob has been one of Matthews top affiliates for the past year, which is why he was invited to speak with us in our Virtual Seminar.
