Once and for all, everything you wanted to know, revealed! Reach Search Engine Stardom, Virtually Overnight! Dear Friend, How long have you been cracking away at this whole Internet Marketing thing? More people dont make it than do make it in this game. Its nothing personal and I can definitely tell you its not due to a lack of hard work or effort. Chances are youve actually worked so hard that you are doing more harm than good. You may have made a few bucks, but as we all know youve probably spent a lot more than youve made. Memberships, Content, Tools, Software, Gimmicks, Advertising, etc... It all adds up pretty quick. At the end of the day the person on the other end of the Internet is the one making all the money and you cant believe how much youve spent. When the Internet came out, anyone could put a site up on anything with little effort, money and skills and they could very easily make a fortune. They had the eyes of millions of people staring at just them. In the last few years however the Internet has been growing at such a rapid pace, it is now next to impossible for people to find you on the Search Engines unless you really know what you are doing. Youre not going to be able to do a thing with Search Engines unless you have a little information to get you started and learn a few tricks of the trade. Until now this sort of stuff came at a very high price because the reward would be a huge income stream all from the Search Engines, particularly Google. But Wait, there Is Hope, Just Keep Reading ! Just as youve heard over and over again how much other people are going to help you succeed with online marketing, you have no doubt grown to not believe a word anyone says. One thing you should understand by now is that there are people making money on the Internet. There are a lot of people making a lot of money. Those \$20,000 - \$100,000 month earnings are not out of this world, they are not a figment of some copywriters imagination. Your sites look just the same as the big guys sites. You work just as hard and long as they do, sometimes a lot more and harder but again, you are still spinning your wheels and going no where. It can be a real pain if your putting something out there and the people that want it will never get a chance to see it. Not so much see it as find it. There is a big difference between showing people something and selling people something. Guess what? People are actively looking for what you are promoting. In fact, millions of people are looking for what you have to offer right at this moment. Google is directing all these

people to other peoples sites. I am not going to show you how to create a PPC ad campaign that is going to cost you an arm and a leg. Instead I am going to show you how to not only get into the top listings on Google, but I am also teaching you how to maintain that listing in Google you have and keep getting more and more traffic at the same time. Im Not Re-Inventing The Wheel, I Am Explaining How You Will Dominate Google! What really makes me mad is all these Gurus out there promising the world to everyone and way under delivering. For the most part all of these Gurus are only Gurus because they say they are. Now I am not Guru Bashing here but there are many out there that do not deliver what they say! If they really knew how to pull a fortune of off Google and the other search engines, you wouldnt be finding out about them through a mailing list that millions of people can send an e-mail to. When I teach someone how to do something it is from my own experience and my own trial and error. I dont simply give you some filler information and save the best stuff for myself. You will know every about Indexing and Link building as they are the fundamental elements of making money online with search engines. Getting to the top of Googles results page is no easy challenge but when you know how to do it, it is certainly a lot easier put away your budget for hiring an SEO professional and keep your eyes peeled because... Youre going to learn: Why is Indexing and Link building So Important? You dont even need a high school diploma to realize that Google can be your best friend and worst nightmare. Why would you want to get your page Indexed? To access hundreds of Millions of web searchers. You will be glad you picked up this guide, trust me. How To Get Your Page Indexed A great site, a great product and great advertising are just a few small part of making it in the Internet Marketing world. you are competing with millions of other marketers out there so you better know how to get Indexed and rise to the top of the Google ranks.
