Easiest Method: Download and use izarc.org/download.html or WinRar is an archiving software that is useful when you need to transfer a large file or a few files, and have a restriction on the total size. WinRar can compress these files in just one file with a smaller overall size, which makes it easy to send via e-mail or upload to a website. However, if you downloaded a WinRar file, you will have to decompress, or extract it, to gain access to the archived files inside. This must be done using the same software, which can be installed at no charge. Downloading WinRar 1 Click on the link provided in the Download Link and then click on "Save File" in the confirmation pop-up to begin downloading the WinRar setup file. Download from freedownloadscenter.com/Utilities/Compression_and_Zip_File_Utilities/WinRAR_Download.html 2

Double-click the saved file once the download has been finished and then click on "Yes" to confirm execution. 3 Follow the step-by-step instructions of the Installation Wizard to install the WinRar archiving
