From the desk of Munya Chinongoza Wednesday, 9:33 A.M. Re: Big-time earnings through Facebook You already know that Facebook is all the rage right now. In fact, in March of 2010 Facebook surpassed Google just slightly in terms of traffic. Thats HUGE. But maybe its not a surprise, since Facebook now has over 400 million active users. If youre a marketer, those numbers probably have you drooling right now. Just think 400 million users all gathered in one place. And best of all, they tend to be organized according to their interests (i.e., by niche). I remember an old Elvis album, 50,000,000 Elvis Fans Cant Be Wrong. He wore a gold suit and gold shoes on the cover. It was a collection of hits released as a testimony to the most successful celebrity on the planet at the time. That was 1959, and Elvis was definitely the King of Rock & Roll. Some 45 years later, to commemorate 20 years and 100,000,000 records sold worldwide, the rock supergroup Bon Jovi released a collection of rarities called 100,000,000 Bon Jovi Fans Cant Be Wrong. The band all wore gold suits and gold shoes on the cover, just like Elvis. It was their tribute to The King Of Rock And Roll, and to their fans around the world. Today, were paying tribute to the King Of Social Networks 400,000,000 Facebook Users Cant Be Wrong!
