Tuesday, 9:52 AM From the computer of Jimmy D. Brown Re: YOUR exciting new profit tool Dear Friend, Well, as I just finished putting my 7 month-old baby boy to sleep for his mid morning nap, I thought Id check my email. Guess what? Ten new orders. A cool \$300 since about 3 hours ago when I first checked my email today. Not a bad profit considering I spent the morning bouncing little Junior on my knee instead of working the grind like everyone else I know. You see, I didnt even need to get up this morning and do all of the marketing stuff that seems to be on everyones mind today. I just let my automated profit pullers do the work for me. Oh, youd like to hear more about that, huh? Especially how YOU can setup the \*exact\* same system I use to generate your own automated profits! Am I right? Read on... How YOU Can Launch Your Own Free Profit Pulling eBooks That Explode Your Profits Like a Fireworks Display Let me start by sharing an honest-to-goodness \*real\* figure with you. During the past six months I have earned over \$31,000 that came in DIRECTLY because of my free eBooks. Now, thats not to mention additional orders the customers purchased after their initial purchase. That is based on tracking sales generated exclusively by offers inside the eBooks. Now, whats important to you right now isnt what Ive made, but rather what you want to make. So, lets cut to the chase. You can now duplicate the exact system I use for creating these eBooks and launch your own successful eBook marketing campaign. Profit Pulling eBooks is a step-by-step manual for creating eBooks that \*really do\* produce results. Just a few of the things youll learn are... o An 8-step, paint-by-numbers formula for developing eBooks that get results. o How to make sure your eBook gets noticed among the traffic jam of free eBooks available on the internet. o 4 quick and easy ways to make sure your eBook provides quality content. o A couple of checklist questions to determine if you are including valuable information in your eBook. o 6 simple suggestions for trimming off the fat and providing the meat people are wanting to feast on. o 9 easy ways to use your eBooks as your own 24 hour a day, nonstop salesman. o How to actually see sales produced and profits earned from free eBooks. o How to get your eBook downloaded thousands of times in a short period of time. o 4

easy ways to include bonuses in your ebook and how to use them to produce more sales. o How to instill a sense of urgency in the mind of the reader that prompts them to order NOW. o One of the most least used techniques in eBook marketing that is also one of the most important. o Why presentation is just as important as information when it comes to eBooks. But, that's just the beginning of this 81 page manual that only includes what you need to know. Profit Pulling eBooks actually consists of TWO key sections... o Tutorial 1: How to CREATE a profit pulling eBook. This section focuses on WHAT to include in your eBook that virtually guarantees your profits. o Tutorial 2: How to quickly and easily COMPILE an eBook. This section shows you how to use the most powerful eBook compiler online to create your own features-loaded eBooks. In this one-of-a-kind manual you will learn the secrets that the gurus use everyday to generate thousands of dollars in profits. The great thing about eBooks is that they create a level playing field. ANYONE (whether you've been online for years or are just starting out) can profit from the viral marketing power of eBooks. In SECTION 1 of Profit Pulling eBooks we spill the beans on all the secrets, including... o How to launch your own profit pulling eBook TODAY in less than 5 minutes of work! o How to take the established idea of eBook marketing and make it work for YOU by making it better. This course shows you exactly how to do it! o The techniques that helped Mark Joyner get Search Engine Tactics downloaded over 1 million times! o Comparisons of what kinds of titles work and which ones don't. Learn this...or your eBooks won't even be downloaded, much less read. o 5 checklist questions to answer BEFORE titling your eBook to skyrocket your downloads as much as 300 to 1. o How to make sure your eBook produces a BANG instead of a FIZZLE...no duds allowed with your new formula for success. o The real key to success in eBook marketing. It unlocks the profit door for you AUTOMATICALLY. o How to easily weave in product offers and affiliate links to maximize your profits. o Why the Warriors eBooks are among the most widely distributed online and how YOU can benefit from their success by duplicating their system. o An ingenious way to use your eBooks to actually improve your search engine rankings! Of course, there's also section 2! In SECTION 2 of Profit Pulling eBooks we show you how to create powerful eBooks... o How to quickly and easily compile an eBook - a 6-step formula for powerful eBooks compilation. o 9 quick tips for creating powerful eBook pages. o 8 screen shots that actually SHOW you how to create your eBooks, using eBook Creator 2.0. o A FREE trial copy of eBook Creator 2.0 w/ Brandible tool. This powerful eBook compiler is the FULLY FUNCTIONAL version that allows you to create up to 10 different eBooks in the trial version. o How to direct traffic to your website with links inside

your eBook. o How to use password protection to force people to register your free eBook in order to continue reading it. Collect these email addresses for future follow-up product offers! o How to save your eBook templates for easy future access, instead of creating new eBooks from scratch. o How to protect your HTML source code so thieves cant steal your page designs. o How to brand your eBooks with YOUR name, company name, copyright message, and email address. Have thousands of eBooks promoting YOU! o How to quickly and easily implement splash screens and startup message graphics. o How to create a built-in search engine inside your eBooks with one click of a button. o How to link directly to your webpage order form within your eBooks to provide quick and easy ordering for your customers.
