Now you can use a simple, step-by-step technique to get the scrumptious dishes you have always dreamed of! --- 100 Guaranteed! If Im right, you would probably love nothing better than to be able to present your friends and families with delicious homemade goodies. Obviously, thats a no brainer! Who wouldnt want to enjoy such home made delights? If you have done any research on American cookery, you know that you need the right information, recipes and tools to create delicious and perfect home made goods. But, how do you go about it? Without the right tools and information, it could take you years and cost you a small fortune to figure out just the right combinations that would create such scrumptious treats. Instead of knocking yourself out trying to come up with the right formula, there is an easier way. I wont deny that there are a ton of books out there on home cookery. Unfortunately the problem with most books on this subject is that they are filled with plenty of promises and no solid techniques and strategies to back up those promises. American Cookery breaks the mold of all the other such books and manuals you have heard and read about. It presents solid, proven steps to help you create delicious and perfect dishes easier and faster. Imagine being able to relax in comfort, knowing that you can present such wonderful home made treats to your friends and family any time of the year! Sounds too good to be true? Its not and I can prove it with American Cookery. But, first a word of introduction. My name is \_\_\_\_\_. A few years ago I found myself in a situation not too different from your own. I have always had an interest in cooking and admired those wonderful people who could so easily turn out delicious homemade dishes. I had given it a try myself, but always had dismal results. I didnt understand what I was doing wrong. I had spent a ton of money on the best ingredients that money could buy but it didnt seem to make a difference. I was determined to prove to my self that I had what it took to make delicious home made dishes. The only problem was that I had no clue where to start. None of the books I had read on baking had been able to solve my problem. Some

of them were so mired down in fancy words and technicalities that it was a miracle I ever got past the first chapter! Others might have passed on a helpful hint or two, but did not solve my problems. One night I commented to my husband that what I really needed was a comprehensive guide on everything to do with cooking. That's when it hit me! If I couldn't find a comprehensive guide on American cookery, then why not create my own? I was tired of flipping back and forth through tons of books for the few bits of information that could help me; but I reasoned that if I put all those little tidbits of info together then I might actually be able to begin understanding the secrets to successful American cookery. The next morning I furiously began to read through all of the cookery books that I had purchased over the past years and take down the pertinent notes. It took awhile to sort through all of the information I had gathered and compile the notes I received from the experts I consulted, but when I was finished I sat back and was completely stunned. Right here in front of me was the information that I had been seeking all along! From the notes I had taken from several articles on the subject of cookery, as well as my own experiments, I had comprised a comprehensive compendium on the subject of soup and meat cookery. I sat back in stunned amazement! It was all there! How to Choose the Best Beef Selecting the Best Fish Fowl-Choosing the Best Selecting Cheese Understanding Varieties of Root Vegetables Roasting Foods Stuffing Fowl Dressing Meats Creating Flaky Pies Tons of Recipes!! Then I decided to try an experiment and put all of my hard work to the test. The next morning I stepped out into my kitchen with new determination. This time I would not fail! Suddenly, I was excited! I absolutely could not believe the difference. Suddenly it was all so clear! I could easily implement proven strategies without having to wade through a mountain of fancy words and difficult to understand terms. What happened next was nothing short of amazing! These strategies not only worked, but the results were completely astonishing. I had never seen anything like it! Now, keep in mind that I had tried a lot of other techniques up until this point. You name it, I probably tried it! As my success with American cookery grew, I started to feel guilty. I knew there were a lot more people out there who wanted the same solutions I had found. Somehow, it just didn't seem right to keep it to myself. One night as I made some changes to my book, I wondered how many other people might have the same problem? After all, if I couldn't find a decent comprehensive cookery manual, what were the chances anyone else could? Given the tremendous success I had encountered using my manual; I was sure that other people could take the same easy to read and understands strategies and achieve success as well. Take a look at everything you'll find inside American Cookery: Lemon Pudding Puff Pastries Fruit

Tarts Fruit Creams Trifle Johnny Cakes Queens Cake Butter Biscuits Preserves Marmalade Pickled Fruits And thats just a small taste of what you will get when you order American Cookery!
