Auction Sales Letters with Master Resale Rights Reseller Files Included Imagine Copying The Following eBay Sales Letters Word-By-Word For Your Own Products... \* A sales letter that sold a car for \$60,000 within 12 hours of listing it on eBay (although most similar cars are only able to sell on eBay for less than \$15,000)... \* A sales letter that generated \$3000 per month in passive income (this was for a small report being sold on eBay in a highly competitive niche and no special traffic generation techniques outside of eBay were used)... \* A sales letter that sold plain white shirts (which cost \$10 each) for \$30 to over \$100 each consistently on eBay (while similar shirts were able to sell for an average of \$10 or less on eBay)... \* A sales letter that sold sweaters (which were bought at a local department store for \$20) for \$40 to \$80 each consistently on eBay... What do all the sales letters mentioned above have in common? They were all written by an eBay Power Seller who eventually went on to win the first ever eBay Entrepreneur Of The Year award. The real reason was, he taught himself the art of writing sales letters. You see... Words carry enormous power. They can make you laugh hysterically, or destroy a relationship or friendship. Words have more power in them than any other tool at your disposal. Effective use of words, especially in business, means skyrocketing sales, satisfied clients, happy employees, and a profitable and secure future. The power of words can be learned and used effectively by anyone, and when this power is harnessed theres nothing on this earth that can stop you. It makes or breaks your sales and advertising material.
