CPA Affiliate Marketing System + Gift Have you heard about this new no-selling type of affiliate marketing online where you get paid even if you dont make a sale? Yes its true - you can get paid without selling anything! How is this possible? Its made possible from a new wave of internet marketing thats sweeping the world wide web known as CPA marketing. Its kind of like affiliate marketing, where you refer people to a website with your referral link but the big difference is that the people you refer dont need to buy anything! CPA stands for Cost Per Action. Meaning that you get paid not when a sale is made, but when the people you refer take an action. That action might be to sign up for a free trial or fill out a form or enter their zip code to get a free insurance quote for example. The best part (besides the huge income you can make) for you as a CPA marketer is that you dont need to be a pushy salesman type of marketer to make money with it. Its getting tougher to sell stuff online by the minute! In this day and age where the economy is shot, people are holding on to their purses tighter than a swinging monkey holds on to branches. Have you been trying to make money the traditional way...and failing? You know the usual...finding a product (ebook) to sell....then advertise it with your affiliate link....and hope for the best that someone will buy it....type of approach. Well, youd know as well as everyone that its dang hard to sell anything these days! Its not only you...many marketers are feeling the affects of the bad economy. And its just natural that when people run out of money, they buy less and look for free stuff more. So why fight an uphill battle trying to flog a \$37 ebook when there are more people looking for a free offer and you can get paid more commission for your efforts too!? Thats right... CPA offers can earn you up to \$25 and more per referral! You may think that youd get squat commissions giving away a freebie...but youd be surprised how lucrative CPA marketing can be. One more thing you shouldnt overlook are the conversions. You can expect a high-converting ebook to convert at 2...which means 23 our of every 100 people who see the pitch page will buy... Whereas, CPA offers have been known to convert at a whopping 50 and more! Higher commissions, better conversion rates...why wouldnt you promote CPA offers? Glad you asked because there isnt a better time than right nowto get into CPA marketing! While most marketers are still trying to force sales and settling for 2 conversion rates, only a small few smarter marketers have
