Dear Friend, If youve been doing business on the Internet for any amount of time, you probably eat, sleep, and breathe the word advertising. How do I advertise? What is the most effective form of advertising? Why is my advertising so ineffective? How can I advertise to double my profits? Advertising, advertising, advertising...it is the cornerstone of our business! The most effective form of advertising is eZine advertising...it is a fact. For years, my clients and I made huge profits placing ads in eZines, with the best results obviously coming from solo advertisements. Then one day, a light bulb popped on in my head...and I realized that even though I am advertising successfully, I am still not using eZine advertising to its fullest potential! I hate generalizations, but Ive noticed a growing trend in relation to eZine advertising. This trend involves solo ads, and that solo ads are THE best form of eZine advertising. Well, this is not entirely true, and eZine Success will prove them wrong! Solo ads are not the only option, and are certainly not the most profitable one. Have I caught your attention yet? eZine Success is a powerful 15+ chapter eBook that will take you, step-by-step, into my eZine advertising world. Ill let you in on another secret. Most of the top Internet Marketing gurus have been using this, and similar techniques to generate tremendous profits, but... nobody has had the guts to reveal these closely guarded secrets.
