Dirty Internet Marketing Tricks That Make You More Money Vol. II Just when Internet Marketers thought it was safe to get back online, here I come with round two of the Dirty Tricks series exposing even more of their "secret" money making methods. Yep. I found even more money making sneaky tricks to help you increase your income "bottom line" faster than a fat lady at an all you can eat donut sale. Don't get offended though. I'm a little heavy around the middle too! ;-) But, don't believe that you can only use these beauties strictly online though. They're universally adaptable to any selling environment. Oh, you didn't pick up the first version of Dirty Tricks huh? Well, then you missed out on A LOT! Not to fear though, you can still get a copy for yourself hot off the internet presses and get caught up to speed in a jiffy. And, if you don't have the Dirty Tricks Volume 1 ebook, here's a bit of a refresher that explains what these ebooks are all about. Now, you may be thinking because of the title we're talking about MLM, pyramid or ponzi schemes. Maybe you might even think that we're going to be talking about secret "blackhat" tactics. In all honesty, why would someone want to risk the entire life of their online business by using things like those? All the tricks supplied to you, just as in the first volume, are ALL LEGAL methods that won't get you into any type of "hot water", maybe a little "warm" water ;-), but who wants to take a cold shower anyway??! Last time, we went over 10 of the best "dirty tricks" that would generate an intense curiosity within your visitors or customers that shop in your store, or web site. And to get those visitors/customers to let that growing curiosity eat away at them until they just had to know more about your site, product, gym socks, whatever. This time though, we'll be putting the focus on something a bit different. In Dirty Tricks II, I will be sharing with you my top 10 picks for the best "dirty tricks" you can use to spice up your selling arsenal. It's gonna get a little hot in here. . . .Are you ready for the "heat"? Tags: mrr
