

Vespa Px150 Usa Service Repair Manual - Circa 2005?

[DOWNLOAD HERE](#)

For sale here is the service - repair manual for the Vespa PX150 USA motorscooter. I am not certain for what years this manual covers (likely 2005 + or -). All information is factory material, in PDF format. The manual is in English, and contains 153 pdf pages in total, maintenance schedule, component location, service and repair procedures, and much more. The advantage of having the owners manual in PDF file format is that you can quickly search a keyword, or jump to a specific section to find what you are looking for. Also, you can print out a section to take with you to the shop, and make notes on them (you probably wouldn't write on the factory book manual).
