Get The Latest Scoop On What Fashions Are Out by: Bridget Allen Just as fashion ebbs and flows, yesterdays fashion ins are shut out in the cold! A true fashionista keeps careful track of what items have jumped to the out list. No one wants to be seen in a trend that expired yesterday, so if you are used to wearing trendy items, you may want to keep an eye out to see whats out! The ever revolving door that is the fashion industry regularly makes and breaks fads in the blink of an eye. Look to your fashion magazines, cable channels that specialize in clothing and style, or great articles on the World Wide Web to determine when it is time to hang up your out clothing and accessories. Whats out this season: 1.) Say good-bye to low cut pants today The parents of the world let out a collective sigh when the ultra low cut pant waist line was declared dead. The days of a thong peeking out from the back of your trousers are a thing of the past, so pack away your crack-baring duds for their next time around! Todays fashionable pants still feature a lower cut that seasons past including the popular above-the-navel waistline of the 1950s but are well above the modesty mark than in the recent past. 2.) Personalized Items are so old school, dont ya know ... and more...90 articles all about it.
