The BONUS the "Wordpress Mastery Videos" package is exactly what you need!

_____ Wordpress Cashmachines this offer is about: Dear Internet Marketer: My name is Scotty McEbook and I am an Internet marketer who loves WordPress. I have come to discover that there are lots of ways to make money online using the power of WordPress.. Often I get askedhow to get started making money online. In the past, I had different answers I would give depending on the person. Today though, I tell nearly everyone the same thing. The first thing you should do is to learn how to use the power of WordPress. This simple content management system is your gateway to online profits. You dont have to learn the programming or developing stuff. Just learn the basics of how to use it. Once you know WordPress, the opportunities are everywhere. Whether you decide to help businesses get a website or you decide to build affiliate or AdSense based websites, WordPress is your solution. When I take on consulting clients who are trying to get started online, the first thing we will do is brainstorm various ways to start an online business depending on their skill set and focus. Over the past few years of doing this, I have built an extensive list of ideas for how to make money with WordPress. Now, for the first time ever, I am publicly releasing my WordPress profit blueprints in one resource. 50+ Money-Making Blueprints for Success Most people have NO Idea how POWERFUL WordPress is for making money online. It has never been easier to compete with the big boys to make professional-looking, highly profitable websites than it is today. WordPress has really evened the playing field. In WordPress Cash Machines, you will learn over 50 different methods of making money with WordPress. Here are a few of the concepts you will learn: Learn How to Cash-in on the Local Real Estate Business with WordPress How to Profit from Online Coupon Shoppers and the Groupon Phenomenon How to Use WordPress to Build Local Business Review Sites How to Make Money Combining WordPress with Facebook How to Create Income-Producing User-Submitted Content Sites Generate Income with WordPress and Amazon and Other Affiliate Feeds! Click below to grab your copy. ** and this is not all: The BONUS is about: From: Scotty McEbook Dear Friend, I'm sure you've heard of stories of people earning tens of thousands of dollars every single month... So how would you like to join the league of these elite bloggers? The sad truth is, if you're just starting out and hope to make big bucks from blogs, it's going to be an uphill task for you. The reason is because, most people would have given up before they actually mastered all the nitty gritty stuff involved in setting up a Wordpress blog and figure out how to monetize it. Yes I know it sounds sad, but that's the cold hard truth! There's simply so many different things you need to learn when it comes to mastering Wordpress. Maybe you've often wished there was a video vault which contains all the tutorial videos for the most common topics of Wordpress... If that's what you've been looking for, the "Wordpress Mastery Videos" package is exactly what you need! With "Wordpress Mastery Videos", you'll receive instant access to a comprehensive set of THIRTY tutorial videos which walk you through all the important aspects of Wordpress. You can easily refer to this set of videos whenever you face a problem of not knowing how to do something... Even if you are an advanced marketer, you could even pass these videos to your own outsourcers so that they can help you complete any of the tasks required. Or if you're an offline consultant and you use Wordpress to create sites for yor clients, you could also hand these videos to your offline clients so they don't have to bug you everytime they face a difficulty! You can also boost your online support desk with these videos to help your customers or prospects with the tasks as well! Before I share more on that, let's take a look at the full set

of THIRTY Wordpress tutorial videos that you'll be receiving: Video 1: How to Create Subdomains and Add-on Domains in cPanel Sub-domains are used to divide your primary website into different "categories". And add-on domains are used when you want to add a new domain name to your hosting account instead of paying for new hosting. This video shows you how to create both sub-domains and add-on domains! Video 2: How to Install WordPress Automatically Using cPanel Installing Wordpress automatically through cPanel is the easiest and fastest way. This video shows you how to install Wordpress within 2 minutes by using cPanel. Video 3: How to Install WordPress Manually Via FTP If your hosting account does not have cPanel, you can also choose to install Wordpress manually via FTP. This is a more tedious process and this video shows you how to install Wordpress manually via FTP. Video 4: How to Change Your Permalinks Structure The default permalinks structure used by Wordpress does not help in on-site search engine optimization (SEO). This video shows you how to change your permalinks structure to make it more SEO-friendly. Video 5: How to Create New Blog Posts The easiest way to start blogging would be to create new blog posts. This video shows you how to create a new blog post in Wordpress. Video 6: How to Create New Pages You can also create pages in Wordpress such as "About Me" which are separate from the blog content. This video shows you how to create a new page in Wordpress. Video 7: How to Insert Images To make your blog look more attractive, you're bound to need to insert images to make it more lively. This video shows you how to insert images in your blog posts. Video 8: How To Install Plugins Automatically There are tens of thousands of Wordpress plugins available to improve various functionalities Wordpress! This video shows you how to install Wordpress plugins automatically via the dashboard. Video 9: How to Upgrade / Delete Plugins Automatically There are always new updates for Wordpress plugins. And you might want to delete old plugins which you're no longer using. This video shows you how to upgrade and also delete your plugins automatically. Video 10: How to Upload & Install Plugins Manually If you happen to download a plugin which cannot be installe automatically, you'll have to upload it manually via FTP. This video shows you exactly how to do that! Video 11: How to Install Themes Automatically A wordpress theme is a layout template designed to run on Wordpress. Thousands of pre-made Wordpress themes exist on the Internet. This video shows you how to install Wordpress themes automatically via the dashboard. Video 12: How to Customize Your Theme Menu Inside your Wordpress dashboard, you can actually create your own custom navigation menus and footer menus. This video shows you how to customize your theme menu. Video 13: How to

Upload and Install Themes Manually Not all themes can be installed via the dashboard and when that happens,you can do it the traditional way. This video shows you how to upload and install themes manually via FTP. Video 14: How to Use Widgets in The Sidebar WordPress Widgets (WPW) is like a plugin, but designed to provide a simple way to arrange the various elements of your sidebar content (known as "widgets") without having to change any code.. This video shows you how to use widgets in the sidebar. Video 15: How to Add and Manage Users You can actually allow other people to post content to your blog by adding user accounts and giving others login access. This video shows you how to add and manage users in your Wordpress blog. Video 16: How to Upgrade WordPress Version Automatically Via The Dashboard Wordpress frequently release new version updates to add security fixes or upgrade functionality. This video shows you how to quickly upgrade your Wordpress version automatically via your dashboard. Video 17: How to Inserting Audio or MP3 Files Instead of just plain text, you can also insert audio or mp3 files to allow your readers to listen to them on your blog. This video shows you how to cinsert audio or mp3 files to your wordpress blog. Video 18: How to Use Gravatars for Your Blog Gravatar (an abbreviation for globally recognized avatar) is a service for providing globally unique avatars which can appear beside comments leaved by your readers. This video shows you how to use gravatars for your Wordpress blog.
