

Investment Basics Articles Plr - Investing 25 Articles

[DOWNLOAD HERE](#)

This is more than a simple plr article pack. It is a series of articles built to be used as an ebook. Each article is a chapter of the ebook. With the severe crisis in the stock market it is important to know the basics of investing. This plr pack covers the basics of investing and it is very useful to read. The articles come both in MS word and text formats so you're getting a total of 50 files. Not only that but you're getting an ecover. It's small at just 160 by 250 pixels but with the proper graphics program I am sure you can enlarge it to make it the ecover of this ebook. Chapters 1 to 5 cover budgeting and the rest of the chapters cover investment basics. Check out the titles below, sorry no sample excerpts this time. The suggested retail price for this package is \$99 or \$4 per chapter but the price for this pack here at Onlyplrarticles is just \$20. I know this is more than the typical article pack we sell but take into consideration that this is a complete ebook broken down into 25 chapters put into their separate files and providing you with a small eCover. Don't miss out on this opportunity to capitalize on a market that is going downhill.
