SIZZLING Hot Off The Presses Report Reveals How To Make A Killing With Video Marketing Even If Youre Lazy, Inexperienced, And Nearly Broke Dear Opportunity Seeker, As a struggling entrepreneur I have been trying to make it in Internet Marketing for several years and until very recently my success has been very hit or miss....sometimes I hit a homerun and other times I just waste a lot of my time and money. Fortunately Im not the type of person who gives up very easily and, despite numerous disappointments and setbacks, I have kept at it. After all, where there is a will there is way right? A couple of months ago I started doing a little experimenting with online videos to see what kind of traffic I could pull in, if any. I started off creating my own crumbly little videos and submitting them to Youtube. My videos did okay but they were a pain to create and I hate spending a chunk of my time on something hoping it pays off. Then one day while I was watching some amateur online videos a little light bulb went off in my head. Why not just ask other amateur video makers (whose videos were much better than mine) if I could use their videos for my video channels? I sent out a few promotional requests to some content producers and was delighted to discover that most of them didnt mind at all and some of them were actually thrilled by the request! Once all of the videos I wanted had been approved for promotional use I simply changed their title, description, and tags and resubmitted them to other high traffic video sharing sites including back on to Youtube where I first found the video. The results were incredible. On several occasions, using other peoples videos, I have been able to get thousands of video views in less than 24 hours and on sites other than Youtube. Using nothing but amateur content I have been able to consistently generate thousands of video views every day and gain hundreds of hits to my websites! Introducing....
