"Learn The Simple Blueprint To Successfully Starting a Profitable Blog In Just 7 Days?" MOST blogs fail because their owners start out badly, and continue to make mistakes. By the time they realize what's gone wrong, they would be quicker restarting! Everyone and his dog has a blog at the moment, but there are still relatively few success stories about blogging out there. Sure you'll have heard of a couple of serious blogging money making machines, but as there are two blogs created a second, there's also a terrifying amount of false information out there. Are YOU being misled? Blogging is about one thing, and one thing alone. When you get down to it, the successful bloggers have found a niche, and carved out a living. But countless others out there are simply pretending. They've seen the income these master bloggers are making, and are trying to be gurus. Announcing: 7 Days to Profitable Blogging: "How to Set Up Your Blog For Long Term Success - the First Time Out" But before they found a niche, they researched it and ultimately, if you're setting up your blog on false advice, and not following the Master Plan we discovered, you'll find that the most important areas of effortless traffic generation are forever lost to you. You'll lock yourself OUT of most of them with a few simple mistakes. Costly mistakes that most so called 'gurus' make every day. "If YOU Don't Start At The Most Important Part Of The Structure Of Your Blog, You WILL Find That You Actually LOSE Traffic!" Unfortunately... most of these gurus will deny that this is important. They'll tell you that the content is more important and that's true, if you've got a good foundation. Without the foundation though, you'll find your site collapses under its own weight. So instead of focusing on content and the upkeep of your blog afterwards, we're giving you ALL the tools that the successful bloggers use that I use and that other bloggers I've spoken to all use and compiled it into an easy to follow, step by step, seven day crash course. Follow the instructions and you'll have a foundation that can't be beaten, and is strong enough to support anything you choose to do! More than that though, you'll find that anything you add will be effortlessly easy to promote. "Ditch The Wannabe Experts and Grab Our Seven Day Master Plan!" With our seven day master plan, we answer everything from: What the four best bookmarking sites are for driving incredible traffic in your direction How best to build your blog THE single best platform to blog from How to choose a the keywords you're building your blog
