How to secure and optimize your Wordpress Blog before a catastrophe happens! Urgent: A Former Network/Security Engineer Releases The Hottest Tips and Software To Secure Your Wordpress BLOGS! You Immediately Get High-Def Videos, Plugins, and Software that will LOCK down your Wordpress BLOG! Dear Friend, Lets face it, Wordpress Security & Optimization is confusing and tough! If you dont know how that is... Allow me to introduce myself. My name is Guy (AzSno). Chances are you have not heard of me before. But when you finish reading this, you will be glad you finally did. If youve been struggling with Wordpress Security & Optimization, and want to know how to really Optimize and Secure your WP Blogs and Hard Earned revenue - then this is definitely the most important letter you will read today! Heres why: At one point, I was struggling with Wordpress Security & Optimization myself and seemed to me like I would never get it right (and I am a Former Security Engineer)... All the information from the Gurus only confused me more and more, until I finally decided to quit doing the wrong things and only focus on the things that really worked! So, what you will actually find in this report is the tips, tricks, and techniques that really work, and nothing more (All in High Definition Video)... How much is Wordpress Security & Optimization worth to your business? Could you imagine how would it be like if all your Wordpress Security & Optimization efforts were noobie simple to implement, and really produced the results youve been struggling for? Sounds too good to be true? Well, it is not if you know how - and Ill show you exactly how in this report... And its not like any other report youve ever read on Wordpress Security & Optimization...All videos are recorded in HD and feature Wordpress 2.7 Why: Simply, because everything in this report has been tried in real life and really works, period. I literally have 100s of Wordpress Blogs, and none have ever been hacked Nothing could be easier! Here are just a few of the many things you will discover with the information in this report: * Simple ways to Optimize and LOCK down your Wordpress BLOG tighter than a BANK Vault! * Ive included ALL of the Plugins I use to secure my Wordpress BLOGs Everyday! Ill show you how to upgrade your WP Blog to the latest version, even if your Hosting company doesnt have the latest WP upgrade... * All video Tutorials are recorded in the industry-leading H.264 format using High Definition * Watch all videos using readily available Quicktime;

no more FLASH lag and display problems! * Ill show you how to Easily solve two nagging problems that WP has, even with the latest revision... * Ive included my WP-Padlock software script that makes access to your Blog by Hackers nearly impossible * You will receive Resale and Master Resale Rights to the complete package including WP-Padlock! So, by now you must be thinking... How much will this amazing Security and Optimization package actually cost, right? Only \$1.99!
