Attention: Now you can think like a genius! Who Else Wants to Develop Super Creative Abilities to Generate Highly Innovative Ideas, Solve the Most Difficult Problems With Ease, and Attain Enormous Success in Life? They snickered as I strode the length of the conference room, to the podium. I was prepared to address the committee. Is this some kind of joke? whispered a fellow associate, as I moved past him. I was new in the department, and have not yet bowled them over with my great ideas. Not exactly an idea generator, whats that person trying to prove? muttered one of the department supervisors. I laid the folder containing my presentation on the podium, and opened it slowly. Clearing my throat, I said, Good morning, ladies and gentlemen. Thank you for coming. I looked into the eyes of my new co-workers and saw a mixture of amusement, disbelief, and bafflement. Its true I have not exactly wowed my new team with my contributions since I was hired. What they didnt know was that Ive been keeping something from them. Should I tell them about the secret of my success? I smiled at the assembled committee and began to lay out my ideas for the companys new advertising campaign. Mouths started dropping. Folks started nodding and smiling. Soon there were whispers around the conference room and smiles. When I finished my presentation, there was a big applause. The members of my team rushed forward, crowding around me, shaking my hand and banging me on the back. How did you do it? Your ideas were great! You really surprised us! Youve been holding back havent you? Okay, whats your secret? I told them my story. I have discovered a way to increase my productivity by unleashing my creativity. Yes, it was just that simple. I discovered it was within my power to enhance my own imagination. It was all in the pages of a simple report - Unleashing the Creative New You! Dear Friend, It has probably happened to you before. A problem arises at the office or in your family, and everyone looks up to you to solve it. You dont want to hurt feelings or step on anyones toes, so you find yourself hedging around the issue. What you really need is a creative solution, one that will soothe everyones ruffled feathers. You need something that will appease all parties involved. How do you make everyone happy? Is that even possible? You smiled to yourself thinking that what you really need to be is a genius to solve this dilemma. You wish youre one of those people who can come up with something

amazing, inspiring, and creative, at the drop of a hat. Have you become a creature of habit over the years? Think there's no way you could ever be creative? Maybe you've been stuck in a rut. What if I told you that it is indeed possible for you to become the creative being you've always wanted to be? What if you could:

- Gain that self-confidence you've always desired.
- Reduce your stress.
- Find some inner peace.
- Learn to have better control over your life.
- Find unbelievable satisfaction.
- Learn to express yourself.
- Find some purpose in your life.

You will feel so good about yourself, your work will prosper, your family life will improve, and even your relationships will blossom. What if you could look at something everyone else has looked at, but see it in a totally different light? What if you could give it a twist? You could develop your intuition, that special insight that only creative people seem to possess. Think you're not creative? Think you're not imaginative? Well, stop thinking. We're all capable of creativity. It's in our genes, our very DNA. All human beings are creative. It's just a matter of developing that creativity. But how do I do that, you ask? I don't know if I'm smart enough to be a problem solver. What if I don't possess enough knowledge to be really good at this? Well, Albert Einstein said, Creativity is more powerful than knowledge. Want to Creatively Change Your Life? I stumbled upon the very answer for all those who think they don't have it in themselves to be creative, imaginative, or inspired. You do have it in you, and one report will teach you exactly how to unleash it. *Unleash The Creative New You!* is all you'll ever need to start bringing out that creative person and that imaginative soul that's inside of you. It's possible to break free from that monotonous, humdrum existence and start living the creative life you were always meant to live. After reading this report, you will be able to understand what creativity really is, how it can help you live a more fulfilling life, and what you can do right now to wake up that sleeping creative giant within you. You will discover the factors that keep you from becoming creative, and the necessary steps you have to take in order to counter these so-called creative blocks.
