Once You've Got a Viral Report Out To The Right People... You Couldn't Stop It Generating You Swarms of Highly Targeted Traffic, Opt-Ins, and Sales... Even If You Wanted To! Would you believe that a free viral report I created nearly five years ago is STILL to this day generating me traffic to my websites? Yep, it's being passed around, sold, and downloaded on the internet every single day - and each time it's generating me targeted traffic. But you don't even need a website to start taking advantage of viral marketing - a free report can make you money in its own right. However many people get viral marketing completely wrong. They think a low quality, out-dated report that's stuffed full of links will work well for them. You're About To Discover How To Create a Viral Report So Powerful That It Will Practically Take On a Life of Its Own! In short I'm going to show you step-by-step how to produce a short report (you don't even have to write any of it yourself if you don't want to), and then distribute it across the internet for maximum viral effect. You'll discover: \*Why making your report free simply isn't enough. Most people make this mistake. \*The one simple thing that you can do that will dramatically increase the viral impact of your report. \*How to choose a topic that will have people practically falling over each other to grab what you're offering. \*How to get leading experts to write you a report for free - and why they'll be thrilled to do so! \*Why and how free reports can act as a money making system in their own right. \*Why the first steps are crucial.
