We all know that you need SEO to survive online. Unfortunately its getting harder to get a high search engine ranking these days, with all the black hats gaming the system. Plus the SEO gurus out there keep trying to sell you on their out of date methods - and their OVERPRICED software that costs hundreds of dollars... plus the never-ending upsells and those hidden monthly fees! SO Forget the SEO Gurus - Just Use PageRank Ninja!!! With PR Ninja you get everything you find in the overpriced SEO guru software at a fraction of the price - and without the hidden fees. PR Ninja will cut your link building hours drastically, just like the high priced software! Raise Your Search Engine Ranking with Backlink Management! Incoming links (also known as inbound links or backlinks) are the most important factor in ranking online today. All the major search engines, including Google, Bing, and Yahoo! have made link popularity THE most important factor in determining site rank. Its a fact - the more high quality, relevant links to your site, the higher you will rank! So getting and maintaining quality links to your website wil lmake or break your business. PR Ninja Makes It Easy to Get the Links You Need... PR Ninja takes all the hard work out of building your link network, so you have more time to concentrate on what you do best - which is run your business! Its fast, its easy, and best of all, youll be able to attract more customers and increase your sales because backlinks dont just mean higher rankings - they send you TRAFFIC. With PR Ninja you can build as big a link network as you wish. NOTE: Please DO NOT confuse PR Ninja with link farms and link exchange services. These just swap links via an automated web directory and they usually do nothing for your ranking in the search engines. PR Ninja doesnt use a centralized link exchange system. The exchange is conducted directly between you and the partner site. Just Imagine Being Able to Beat Your Competitors and Outrank them! Use PR Ninja to uncover the linking structures of your top competitors websites. Then use this information to improve on what they are doing and ensure yourself a top search engine ranking! Heres what PRNinja can do for you the moment you download and install it: #1. Secretly Spy On Your Competitions Link Partners - PR Ninja shows you which sites link to your competition - ask them to link to

you, too! #2. Finding thousands of high PR link partners with the click of a mouse! Youll even get the contact information so you can contact the webmasters. #3. Increase Traffic - More sites linking to you mean more targeted traffic- without spending a dime. And more traffic means more sales! #4.
