Tap Into A Goldmine Of Profits With This Cutting Edge, Brand New, NEVER BEFORE RELEASED TO THE PUBLIC, Unique Private Label Rights Product And Call it Your Very Own! But be forewarned... I'm limiting the rights on this incredible package at this blowout price to the first 50 Warriors ONLY! G'Day Warriors, If Private Label Products are your bread and butter... then you definitely don't want to miss out on this incredible opportunity. Here's everything you'll receive if you're one of the lucky few who invest today: \* A professionally designed "effective" squeeze page created by yours truly with built in autoresponder form. The squeeze page is already coded for Aweber so just a few tweaks to the HTML and you'll be all set if you use Aweber, or you can have it setup for any of the most popular autoresponders out there like Email Aces, Get Response, 1st Shopping Cart, etc just as easily by tweaking the code a bit.. I've also included a "getting started" guide that will show you exactly what you need to do to edit the code to work for your own autoresponder service. I normally charge \$200-\$250 for a squeeze page of this quality on my website so this alone is a steal ;-)

You can view a screenshot of the squeeze page here! \* You're also going to receive all the cover graphics that go with the offer. This would include a report cover, a dvd cover and dvd graphic plus a grouping of all three covers in one image. You can view all the cover graphics here! \* You'll also receive the complete "You've Got Cash" Special Email Marketers Report for the email marketing lesson. This report was written by me personally and the report also comes with a bonus video courtesy of Louis Allport (with giveaway rights) (hence the DVD graphic) that compliments the report wonderfully and adds to the perceived value for your customers.. \* You'll also receive all the PSD files for the graphics and the squeeze page \* The source doc (word doc) file for the report so you can edit it, add to it, turn it into an online lesson (hint adsense income) or whatever you'd like to do with it. For those who've purchase my PLR products in the past you know I spare nothing when it comes to quality. Plus, I leave plenty of opportunity open for you to add, edit, and customize the report to your own liking and also add plenty of affiliate promotions, etc. ;-)

Having said that, you also have a truly one of a kind - NEVER BEFORE

RELEASED - PLR product you can immediately offer to you list or add to a membership site instantly.

PLUS... for those that want to take true advantage of the lucrative "Money Making Niche" and start building your own targeted list, this is the perfect product to do it with. The squeeze page has been written and optimized for the maximum number of visitors to subscribers and once you've built your list from this product that's truly when your opportunities are endless. All you need to do is follow up with Clickbank endorsements and some products of your own on a regular basis. The money is truly in the list! But that's another topic in itself ;-)
