A few months ago, I was where you are right now. I was wasting my hard earned money buying a lot of \$47, \$97 and even \$197 eBooks from the gurus that claimed that their information would make me rich. But what a deception, it feels so bad to spend that big amount of money for each eBook just to find out that their information is useless. Their sales letters are full of hype and exaggerated prices, and they deliver very poor information. I tried everything that I read from the gurus. I was spending my money in Google AdWords.
