Subject line: Welcome to "your first name here" Affiliate Weekly! Hello your "autoresponder code here", Welcome to the first issue of "your first name here" Weekly! Each week you will receive an issue with helpful information, articles and quick tips you can use to reach your goals. In this issue let's talk a little about.... The different types of affiliate marketing. Affiliate marketing is gaining popularity day by day because of the increasing consciousness amongst the masses about it. Merchants as well as the affiliates have realized that affiliate marketing proves beneficial for both of them. Affiliate marketing gives the merchant the opportunity to advertise their products at a low cost while the affiliates find affiliate marketing as an easy way to earn money online and that too by doing something that they enjoy-developing websites. The perception of people about affiliate marketing has undergone a sea change with the rising popularity of affiliate marketing. Today, no one considers affiliate marketing as an alternative method of advertisement of products by a merchant or as a source of additional income for an affiliate. As of now, affiliate marketing has become the main source of profits and revenues for the merchants as well as for the affiliates. Now, there can be a number of questions that could be asked about affiliate marketing. For example, what type of affiliate program should one opt for or does all affiliate marketing programs accrue the same benefit or are all the affiliate marketing programs the same deep down or are there affiliate marketing programs that prove to be more beneficial than the others.
