WP ClickBank Membership Plugin The Wordpress Clickbank Member Site Solution Multi-Install License! Use on as many of your own Wordpress sites as you like! "Download Free Preview" To View Full Sales Page How To Turn a Wordpress Blog into a Paid Members Site that Sells Itself In Less Than 15 Minutes With This Easy-to-Use Plugin If you want to build a profitable membership site that virtually sells itself then you need to read this letter very carefully. Why? Because if like me you've been looking for a decent solution you will have found that all the systems out there are either over-priced, over-complicated or they only accept Paypal which instantly loses a bunch of potential customers. I spent hours researching the various options available and couldn't find anything that met my requirements and that had a sensible pricing and licensing policy. Most of the solutions cost \$100 per site or \$250+ if you wanted to be able to install it on multiple sites. Not only that but all of them seemed to have a massive manual you had to wade through just to grasp the basics . CBWP Membership System. Installs in minutes. This really is super easy. The installation is in two simple steps, a wordpress plugin and a special script to fully automate the clickbank end of things. If you've never installed anything like this before the first time might take you a little longer but most of my friends and customers can install this in under 10 minutes! Want to redirect to a 'One Time Offer' page after a member has paid to upgrade? No problem! You can do exactly that with CBWP Member. CBWP Member is fully automated. The process of users registering and upgrading is all done automatically. You can go on vacation for two weeks and people will be able to continue registering and upgrading to paid memberships. This literally is "set it and forget it" technology. Lowest cost Multi-Install Licence ever! Want to use this on multiple sites? No problem, we have hands-down the cheapest multi-install licence. Teases people into upgrading their membership. You can protect whatever sections of a post that you like. You can limit parts to free members, paid members, etc. Let visitors read some of your information but make them subscribe to see more. This literally makes your membership site sell itself . Zero compatibility issues. Works with all Wordpress themes and is compatible with other plugins that use shortcodes. Enables you to provide special content to RSS feeds only. Widest

range of payment options. CBWP Members uses Clickbank as the payment gateway giving you an automatic affiliate program and the widest range of payment methods including credit card, check, or paypal. CBWP Instructions - Documentation and video tutorial Included
