Discover How To Stop Losing Money On Advertising That Never Produces Any Results For Your Online Business And Start Using This Free Advertising and Promotion Site! Stop blowing money on advertising and places like eBay...let Craigslist be your starting point, THEN expand! Do you notice when we want to research anything on the internet, there is no doubt that the most popular search engine we use is Google? Yes, we all use Google on a daily basis, whether it's to look up someone, find the best restaurant in town, or find driving directions. But one problem with Google is that you have to narrow your search to find what you're specifically looking for and this not only can be frustrating, but it can be a waste of valuable time and energy for us. So, in order to narrow down the search for this purpose, Craigslist was born to provide the solution to narrowing down to more specific results. If you are just starting online you might be wondering what is Craigslist? Well, Craigslist is a new revolution that provides nearly everything you would want to know about a specific area and it was created by Craig Newmark in 1995. Craigslist was originally developed to serve the San Francisco Bay area. By the year 2000 it had spread to four cities, and by 2006 it covered over 450 cities, domestic and foreign.
