

# Vinegar For Cleaning

[DOWNLOAD HERE](#)

A quarter cup in a quart of water makes a good window cleaner. When you use vinegar in your water to wash windows, dry with newspapers. Your windows will sparkle! Keep a solution of 50/50 white vinegar and water in a spray bottle to use for cleaning windows. Tarnished Copper On heavily tarnished copper or copper-alloy to be cleaned up, use a paste made of salt and vinegar. Dishes White vinegar mixed with water to rinse off the dishes after washing them to take the soap off and leave them squeaky clean. This also takes the soap residue off of your hands at the same time. Pour 1/4 cup vinegar with dish soap-water must be hot (not boiling hot). This is great for cleaning your Corningware dishes (it removes all the stains and grease), cleaning your stainless steel pots and pans etc., clean your oven and all of stove top (this is better than oven cleaners. it will remove all of the grease. just dab on and let it set for a few minutes then wipe clean), and cabinets in kitchen. Tags: hygiene
