How YOU Can Write Your Own Sales Letter That Kills - Which Produces a Minimum 2-4 Conversion Rate - And Save Thousands From Hiring Your Own Copywriter! At Long Last... YOU Can Now Write Your Own Professional Copy That Sells... Because I Am Going To Give You The Brains Of A Professional Copywriter - In Laymans Terms! Dear Friend, Did you know? Just recently, I heard that a friend of mine has engaged a professional copywriter to write a perfect sales letter for his product. He paid the copywriter \$10,000 for the sales copy written - and now he is enjoying a great 10-15 conversion rate produced by the sales letter written for him. In other words, every 10 to 15 prospects who read his sales letter would buy his product - with dead certainty. It did not take long until my friend covered his investment and later profited from his business, thanks to the copywriter he engaged. That is a perfect \$10,000 well invested. Now, you wish you have had \$10,000, dont you? It is as if there is a huge gap between those who have money and those who dont have money, and this gap decides who will go on to become the next best-seller and the rest will stay just that - broke. Chances are that: (tick any of the following that applies to you) You dont have \$10,000. If you have \$10,000 to spare, there is no need for you to read this letter - just search for the same copywriter my friend has hired and you will enjoy the same, marvelous results. You have a product or service to sell. You have already researched the market and discover that there is a demand for the kind of product or service you want to sell. You have prepared your product or service and now what matters is, How can I sell my product or service? You wish you can write your own sales letter! You dont have \$10,000, granted, but even if you have \$1,000 to spare, you may not be getting the kind of results you desire and it can be money down the drain, as they say. Perhaps, the next best option is that you write your own sales copy. However, you dont know how to write your own sales copy. Heck, you dont even have a clue! Those are valid wishes. If you have ticked at least one of the boxes above, you will do really well to read on. This is probably the most important letter you will ever read, because the hints are: You can finally discover how you can get your own professional sales copy written, You can get the kind of results you want from your own sales letter, You dont have to invest \$10,000 to have this achieved, and No, You dont even need to invest anywhere near \$1,000,

either! To learn why this is the case, read on! Why Have Your Own Powerful Sales Copy? Lets face it: if you want to be in business, you must learn how to sell. Selling is the number one skill you MUST learn if you are going to be in business, and this applies online, too. If you dont know how to sell, it is a small wonder why you and your business are struggling right now. Forget the numerous no selling required ads you have come across online because that is pure B.S. statement. The reason is simple: the truth is that if you do not know how to sell or HATE selling, you cannot make money. Period. The other fact is that the Internet marketplace is jam-packed with plenty of fantastic ideas and wonderful products. You probably have: A great idea that you think you can make money from, A product that solves a specific problem, and/or An income opportunity to provide to people online. With the Internet as leverage, there is no need for you to go door to door to sell. Even if you join an online Multi Level Marketing company, you get to cover many prospects in the shortest time possible, which you cannot possibly accomplish in conventional business. There is no need for you to travel to meet your prospects, either, as the Internet brings every Internet user to your computer screen.
