Welcome to eBay and Tons of Income Opportunities! If you've ever read an article about eBay, you will have seen the kinds of incomes people make - it isn't unusual to hear of people making thousands of dollars per month on eBay. Next time you're on eBay, take a look at how many PowerSellers there are: you'll find quite a few. Now consider that every single one of one of them must be making at least \$1,000 per month, as that's eBay's requirement for becoming a PowerSeller. Silver PowerSellers make at least \$3,000 each month, Gold PowerSellers make more than \$10,000, Platinum Powersellers make more than \$25,000, and Titanium PowerSellers make at least a whopping \$150,000 in sales every month! The fact that these people exist gives you some idea of the income possibilities here. Most of them never set out to even set up a business on eBay - they simply started selling a few things, and then kept going. There are plenty of people whose full-time job is selling things on eBay, and some of them have been doing it for years now.
