Dear internet entrepreneur, Here's the typical scenario... You've setup a website to sell your product. You've spent money, effort and time to promote your website so that you can make money when your visitor make a purchase. What happen next? Without realizing it consciously, you have just left money on the table. You see, you have already spent so much money on the advertising and get joint venture partners to promote your website, but you have missed another part of a 'hidden' marketing strategy that will generate more profits for the traffic and customers you've acquired. My name is Patric Chan and I have been applying these marketing tactics for years. At the same time, there are internet marketers trying to implement the same tactic into their internet businesses but they just can't get it going. Why? Because they don't really understand how the upselling truly works. Do You Have An Upsell Strategy In Your Internet Business Today? A classic example of upselling is this... When you order a regular size coffee in Starbucks, the cashier will tell you that you can get the large size by just adding a dollar. Another example is, when you order a burger in McDonald, the cashier will ask you if you want to add a drink into your order. Most people just know the 'concept' but never understand how it really work or when to upsell. Mastering the upsell strategy means that you'll know how to get your customers to buy more from you and hand you their credit cards before your competitors do! Introducing... "How To Upsell Now Audio Course" In this audio course, I will reveal and 'explain' to you how to increase your online sales with upsell and show you real life case studies including several of my websites that are applying upsell strategy profitably today. You will discover... * The ONE thing you should know before applying upsell marketing. (Most marketers failed because they don't know this) * What is an "Add On Offer" and where you should implement it. (Get this right, you can easily double your profit) * Know when to upsell to your customers, so they won't feel that you're trying to push them more product and trying to make money out of them * A sneaky 'but powerful way' to get your customers lining up to hand you their money every month (This has absolutely nothing to do with 'hypnosis' things) * The revolutionary "one click upsell" technology that will make your customer's life easy to buy more product from you * How to make your upsell very irresistible so your customers can't resist it. * What you can learn from 'The Long Tail' theory,

and transform your 'dead product' into red hot sellers! (There's a way to make a dead duck quack!) * How to create "set and forget" upsell offer so you can make EXTRA money on autopilot. * The surefire way to get people take up your upsell WITHOUT thinking twice (Just a simple 'psychology' tactic that make a huge difference) * Why most marketers failed to convert their "One Time Offer"? (Avoid this same mistake and you're going to make "a lot" more money) * How to 'triple' your affiliate commission when promoting other people's product. (You'll kick yourself when you see how easy it is...) * How to build a loyal buyers list without creating your own product * What you should know when using private label rights and resale rights product. (You might NOT want to get yourself into trouble) * How to setup a quick and profitable sales funnel for your internet business. (It's a lot more easier than playing puzzle) * And much much more... Don't be surprised that when you go through the audio course, you will find out some of the tactics are just dead simple and effective to make money instantly. "You Could Make Twice The Money With The Right Upsell Marketing!" If you want to have a very profitable internet business, you can't skip upsell marketing strategy. You're going to double or triple your profit after applying the tricks and tactics in your internet business. You don't need to have MBA qualification to understand all of these upsell tactics because you will also learn from my real life case study websites that will give you clearer picture. Sit back and ready to transfer my years experience and knowledge about upsell marketing to be yours. How Much Is The Investment? How much you would pay if the tactics inside are able to bring you 250 profit in return? \$197? \$97? Some people might be thinking I'm too crazy to reveal all these information and just charging for a price of set lunch. That's right, you can grab all these information just for a price of set lunch if you act right now. Because I'm testing some new marketing tactic on this website, for a limited time you can get the audio course for just a one time payment \$2.99 only.
