How To Make \$1,000,000 THIS YEAR With Your Online Business NOTE: Thats Only \$2739.73 A Day! From The Desk of Russell Brunson Saturday January 1st, 2005 Dear Customer & Valued Subscriber: Will you be one of the 3 who know? At Yale University in the 1950s, there was a study done with a group of recent graduates. They were asked if they had set goals for their future, and if they had written them down. Of these graduates, only 3 had written specific goals. They did a follow up years later with these students and found something very interesting. The researches discovered the those 3 who had written specific goals not only achieved most of the goals they set, but their net worth was more than the other 97 of their class combined! Are You Planning On Failing? Theres an old saying If you fail to plan you plan to fail. Writing out the things that you want to achieve and setting your sights high can have a major impact on your level of future success. If we dont set very high standards for yourself, it is easy to become complacent because we arent stretching ourselves. With that said, I set a very large goal for my own personal business this year. It is to generate \$1,000,000 in sales in 2005. If you do some simple math you would find that to reach this goal a person would have to generate exactly \$2739.73 a day for a whole year. I am committed to achieving this goal, and I want to help my subscribers and friends achieve their sales goals this year as well. To help map out this plan I called upon 4 of my closest associates and held a private mastermind session.... Im Ready To Unlock The Secrets Of \$2739.73 a Day I want to emphasize that this interview will not be offered at this discount forever. It is very time sensitive, and valuable to you. Grab a pen and some paper, and click the play button and start taking notes. This year you could reach sales goals that you didnt even think were possible before now.
