You've purchased this product with Master Resell Rights. You are free to sell it and keep 100 of the profits. Naturally, most if not all of us want and crave for something better. It is all part of us if we want a bigger car, a better house, buying good things for the family. We keep hoping for more but, in order to get what you dont have, you have got to do something you have never done before. That simply means: Doing the same thing over and over again YET expecting different results! As an employee, you cant stay at the same job forever and hope that a miracle will happen and your boss will suddenly give you a raise. You will be lucky that there is no downsizing in your company. Switching to another company will only provide a short term solution to a long term problem. Sure, you can take up a second or even third job, but do you have enough hours and stamina in a day to sustain it? The bottom-line: Trading time for money isnt wise financial sense in the long term. You keep on increasing the hours just to win the rat race, but in the end of the day, you are still a rat on the mill! Increasing your wages only puts you in a higher tax bracket. Your salaries increase but so does your expenses on your house and car. How will you invest in yourself when all the time you spend working for a company, working for the government paying taxes and working for the bank paying off your house and car? What if you fall sick and cant work tomorrow? Will the government take care of your family?
