Intuitive Chris Anderson (also known as Ngot Mkwana [Onefeather], his Potawatomi name) first began reading the Tarot in 1969... having returned from service in Viet Nam and preparing to reengage in American life. Picking up the cards and allowing his connection to Higher Source be the guiding force, he simply allowed himself to become absorbed in the stream of consciousness that flows through his life and the lives of those around him. Having been raised in a Native American as well as the mainstream culture, Onefeather was well aware of the forces of the Divine and trusted that Source to guide his interaction with the cards. Over the years he has been a patient source of support for all those who came to him seeking insights and information to help understand and transform their life. Now, forty years later, the wealth of experience and illumination that he has collected over time is available to the seeker who is on the journey to inner realization and awakening... having written a book that is filled with information and insight, humor and wisdom. The ruminations on the cards and his wit and acceptance of life on all levels brings the reader to new levels of perspective and self-acceptance. This is a book that is to the point, concise and a continuing source of reference for all levels of Tarot reading, a true gift to everyone who wishes to evolve with the coming times of awakening.
