PLEASE READ COMPLETELY: For sale here is a DOWNLOADABLE service repair manual for the 2010 Ducati Streetfighter and S model motorcycle. All information is factory material in SVG format (svg program file included). SVG runs on PC computers (does not work on Mac computers), and uses Internet Explorer for viewing of the manual. Also, you can print out a section to take with you to the shop, and make notes on them. After PayPal payment is processed, within 24 hours or less I will send you a message through Ebay containing the download link and instructions. NOTE: The manual is compressed into a ZIP file. After downloading, you will need to right click on the ZIP file, and select "Extract File". Open the extracted file, and read the PDF file labeled "READ-FIRST" for viewing instructions. The download is approximately 183mb, so please be patient when downloading, and try to do the download on a computer with the fastest internet speed available. Thank you for viewing this listing.
