PPC Profit Generator Skyrocket Your Website's PROFITS With Keyword-Targeted PPC Content & Your Own 'Intelligent' PPC Search Box! From: TRACY YATES Let me ask you a question: What is the fastest, easiest and 100 guaranteed way to monetize your website traffic? Let me give you a hint by asking you this question in another way... What is the 100 Guaranteed Profit-Generating Content & Search Box That You Can Add to Your Website Right Now? The answer is Pay-Per-Click (PPC)! That's right! Adding PPC advertising - PPC content and PPC search engine or search box - to your website is one of, if not the fastest and easiest way to monetize your website. How does the PPC advertising model compare with the famous affiliate model? Affiliate Advertising Vs. PPC Advertising! PPC is an online advertising model where publishers/site owners like you make money every time a PPC advertising link is clicked by a site visitor. Whereas with affiliate programs/advertising/promotions you only make money when a sale is generated, PPC makes you money per visitor click. Let's compare: Affiliate Advertising Process 1. Visitor clicks on your affiliate link. Note: Visitor needs to use your affiliate link as is, without deleting your affiliate ID :) 2. Visitor goes to a destination page, like a sales letter. 3. Visitor clicks the order button. 4. Visitor takes out his credit card and places the order. 5. You make money; affiliate commissions. PPC Advertising 1. Visitor clicks on a PPC link. 2. You make money! :) In a PPC search engine for example, results are ranked according to advertisers' bid amounts, and publishers/site owners like you make money when a site visitor (1) searches for a keyword or key phrase, and then (2) clicks a link in the search results listing. As simple as that! The PPC Challenges There are many PPC providers, companies and networks that can provide you with PPC search results that you can make money from on your site. The challenging questions are: Which of these PPC companies' search boxes and results should you display on your website. Wouldn't adding more than one PPC search box to your site make it look cluttered and unprofessional? Not all PPC providers are equal. Some pay more per click than others. What if one PPC provider has a \$5.00 bid on a keyword and another has a \$2.90 bid on the very same keyword. If the visitor searches the PPC search box that displays the \$2.90 keyword, you just lost more than \$2.00 per click. Isn't there a way to have only one PPC search box on a website that aggregates and

combines PPC search results from multiple PPC providers. Isn't there a way to display PPC results with the most profitable/highest paying bids at the top. How can we display keyword-specific PPC content, aggregated and combined from the top five PPC providers. Introducing... PPC Profit Generator!

----- The solution and answer to all the above questions and more is... PPC Profit Generator! PPC Profit Generator is a software solution that: 1. Displays laser-targeted PPC content related to your site automatically, quickly and easily! 2. Skyrockets your PPC revenues using your own PPC search box. In both cases, PPC content and search results are aggregated/combined into one feed, and displayed from highest (most profitable) to lowest bid price! (PPC Profit Generator offers two sorting methods) Order your copy to download now!

----- PPC Profit Generator Features & Benefits!

Set the total number of results you'd like to pull from each PPC provider. Target Window Options if you want links to open in new windows. Input keywords and key phrases, and generate Keyword-targeted PPC content that aggregates and combines results from all five PPC networks, and lists them starting with the most profitable. Remember: Content is king for both site visitors and search engine spiders! Moreover, PPC Profit Generator's PPC content is always refreshing, which makes the spiders crawl your site more often, and improve your S.E. rankings! Edit, change and manage your keywords and key phrases. Two Sorting Methods: (1) Sort By Bid Prices, (2) Sort By Priority Rate. Complete Style Options: Fonts, links, effects. Generate PPC search box that aggregates and combines results from all five PPC networks. Why display search results of one or two PPC providers when you can provide the results, not just of all providers, but the best of all providers, with the highest paying/most profitable (to you!) listings first! Display PPC content and results in a format that is easily readable by search engine spiders, unlike JavaScript codes that some PPC companies provide you to display their results on your site, which cannot be read by the spiders. Compatible With Google AdSense. PPC Profit Generator results are not contextual ads similar to AdSense, which means you can display them on pages that also have Google AdSense. Fast implementation: Copy and paste the code to display PPC content or add PPC search box to any web page and... that's it! That's all there is to it. Now you can go back to the "PPC Challenges" and see how PPC Profit Generator meets them all! Download Your
