Turbo Affiliate Link will get your visitors doing business with you instead of your merchant. Did you know that 97 of affiliates are not building their own businesses; they are just performance based advertisers building their merchants long-term business. This is exactly why they are failing. Will this really help ME increase MY commission checks and build MY own list? Check out the 4 tools that will turbo charge your affiliate links, and instantly increase your commissions! 1. You can add an un-blockable popup to any affiliate link. Virtually every major marketer online uses them now... and the popup blockers can't stop them. 2. You can add audio to any affiliate link. You know Armand Morin and all the other big name marketing guys use audio on their sites to help them increase conversion rates. Why do they use audio... because it works. 3. You can add proactive live chat to any affiliate link. By showing there is a human behind your business, people will trust your site and your advice a lot more. This extra trust leads to extra sales. 4. You can add a completely un-blockable exit screen to your affiliate links. My programmer figured out a way to add a totally unblockable exit screen to any affiliate link. Every visitor you send to your new turbo charged affiliate link, WILL SEE this second page, which can be any page you want it to be. Now that you realize this, you are ahead of 70 of affiliates, but just knowing that isn't really going to help you make more money as an affiliate. Acting on that knowledge and finding ways to overcome that problem will make you more money.
